**MISSION STATEMENT OF THE PACIFIC NORTHWEST SECTION:**  
The Pacific Northwest Section exists to serve the members and grow the game.

**THE PGA PROFESSIONAL GOLF MANAGEMENT PROGRAM**

This packet has been developed to assist you in entering and proceeding through The PGA Professional Golf Management Program (PGA PGM). Please read it carefully. If you need additional information, please call the section office at (800) 688-4653 or the PGA of America's Membership Information Service Center at (800) 474-2776.

Founded more than three-quarters of a century ago with 82 charter members, the Professional Golfers' Association of America today has a membership of more than 28,000 golf professionals, making it the world's largest working sports organization.

PGA professionals are not only skilled golfers; they're also organizers, administrators, and managers. They are capable business people in what has become a multi-billion dollar industry serving the more than 24 million people who play the game. The PGA Professional Golf Management Program (PGA PGM) will prepare golf professionals to effectively carry out these many roles.

The new nationally-delivered program emphasizes practical application of state-of-the-art skills and knowledge, along with sophisticated work activities, and is designed to give apprentices the ability to add value to their golf facilities. When you graduate from the PGA PGM, you'll be ready to provide exceptional service to customers, employers, fellow professionals, and the game of golf.

For the aspiring PGA golf professional, the PGA PGM will be the start of a lifelong process of learning new skills, polishing old ones, and becoming even better at dealing with the people, the game and the business of golf. And as a result, golf itself will continue to become a better and even more popular game.

**PGA PGM OVERVIEW:**

The PGA Professional Golf Management Program (PGA PGM) is a three-level program consisting of seminars, work experience activities, self-study courses, and testing. Self-study courses allow you to proceed at a comfortable and convenient pace and prepare for the seminar experience.

The program was redesigned in 2010 and focuses on a series of online self-directed and pre-seminar courses to prepare for the intensive one week programs at the PGA Education Center in Port St. Lucie, Florida. Each of the three levels of the program focuses on different aspects of the golf business to provide a base knowledge level for your development as a PGA professional.

You will prepare for each seminar, attend classes at the PGA Education Center and then return home and complete your testing through a regional computer-based testing agency, often located at a nearby university.

For complete information about the Professional Golf Management Program go to [www.pga.org](http://www.pga.org).

You will find program requirements, estimated costs, course descriptions, and time lines. In short, a complete description of the program and what it will take to complete it successfully.

# PNW Section Apprentice Mentoring Program

## APPRENTICE MENTORING PROGRAM – Effective 1/2015

### The Basics:

To retain active status with the Section, Apprentices are required to attend one PGA Education Seminar, attend one PGA Meeting and compete in one PGA Tournament each calendar year.

Apprentices that fail to satisfy any or all of the three requirements above shall be placed in “Inactive” status with the Section and lose their Section and Chapter playing privileges. Playing privileges may be restored through a process of meeting with a Section mentor and following the program developed in this meeting to regain “Active” status and restore the apprentices playing privileges.

Apprentices suspended by the PGA of America will remain suspended until released by the PGA of America. Such apprentices are subject to the Education and Meeting requirements of this provision.

### Qualifying Activities:

1. PGA Education – includes Section, Chapter and National education workshops and seminars at least two hours in length. Attendance must be in person. The following do not qualify for this requirement - on-line or video attendance, vendor specific training, CPR, facility training and the like. Attendance of a PGA PGM Level does satisfy this requirement.
2. PGA Meeting – includes Section, Chapter and National meetings. Attendance must be in person. Primarily meetings include – Section/Chapter Spring and Fall Meetings and the PGA National Annual Meeting. With the prior approval of the Section, this activity may include Section/Chapter Town Hall meetings provided such meetings include at least one Section/Chapter officer, are at least two hours in length and focus on Section/Chapter issues and business. The following do not qualify – allied association meetings, committee meetings, board meetings, crackerbarrels and the like.
3. PGA Tournament – includes Section, Chapter and National events. Championships and Pro-Ams owned and operated by the PGA qualify. Apprentices who have not fully satisfied the PAT may use a PAT to satisfy this requirement. Unofficial events within the Section do not qualify – such as Blue Mountain Best Ball, Fall Tour, Lilac Open, Montana Open, and the like. To meet the PGA Tournament requirement, Apprentices with a physical disability may apply to the Chief Executive Officer for an accommodation.
4. Seasonal Proration – Apprentices joining the Section between April 1 and September 30 are required to fulfill any two of the requirements. Apprentices joining the Section after September 30 have no requirement for the current year. This proration applies to the first year of registration with the Section. The full requirement must be satisfied by seasonal transfer/employees in all subsequent years.

### Mentoring and Restoring Active Status/Playing Privileges

1. Apprentices placed in Inactive status shall meet with a Section Mentor to develop a plan to satisfy the current deficiency and successfully satisfy future requirements.
2. Apprentices will be required to satisfy the specific deficiency – Education, Meeting, or Playing before being restored to Active status and full playing privileges.

### Questions/Clarifications:

- National Suspensions – apprentices suspended by the PGA of America will remain suspended until released by the PGA of America. Such apprentices are still subject to the Education and Meeting requirements of this provision and the playing requirement during periods not suspend by the PGA of America.

# PLAYING PRIVILEGES

## SECTION AND CHAPTER PLAYING PRIVILEGES

To be able to compete in the tournament activities of any Chapter of the Section, or of the Section, Apprentices must meet eligibility requirements as defined below:

1. Must be an eligibly employed registered PGA of America Apprentice.
2. Attend Section Orientation/Interview.

## SUSPENSION OF PLAYING PRIVILEGES

To retain active status with the Section, Apprentices are required to attend one PGA Education Seminar, attend one PGA Meeting and compete in one PGA Tournament each calendar year.

Apprentices that fail to satisfy any or all of the three requirements above shall be placed in "Inactive" status with the Section and lose their Section and Chapter playing privileges. Playing privileges may be restored through a process of meeting with a Section mentor and following the program developed in this meeting to regain "Active" status and restore the apprentices playing privileges.

**Those wishing to obtain credit for attending or participating in a national meeting, education program or tournament are responsible for reporting their attendance or participation to the Section Office.**

## PLAYERS CARD

Apprentices should return their completed Players Card agreement to the Section office.

*Players Card can be found in this packet and in the Tournament Regulations section of the Member Handbook.*

## PGA Reciprocal Play

PGA Members and Apprentices are sometimes afforded the opportunity to play as a guest at courses within the Section. This is a privilege extended at the discretion of the host course and is in no way a 'right' of PGA affiliation. It is important that apprentices discuss this process with their head professional and follow the procedure your employer prescribes. Abuse of this privilege is a Code of Ethics violation and can affect your membership.

In general:

- Call the golf course you want to play and talk to the Head Golf Professional. (Your head professional may prefer to make this call.)
  - Tailor your request to the play schedule of the host course. Ask when you could play that would be most welcome by the host course.
- Offer to pay the appropriate fees. Often you will be offered a reduced fee. No charge is a real privilege, don't expect it.
- The opportunity to bring guests may not be available. If you are planning on bringing guests make this clear to the host professional and offer to pay full rate for them. (Don't assume they will be offered a reduced rate).
- Make sure your entire party arrives at the appropriate time. At private facilities, too early is as inappropriate as too late.
- Wear proper attire. This includes long pants (no denim) and a collared shirt. Your guests should wear a collared shirt as well.
- Keep a pace of play customary at the host facility. You are responsible for your entire group.
- Respect the golf course by driving the golf cars properly and by not being disruptive to other golfers on the course. You are a guest of the host professional and your groups conduct reflects on your host.
- Following your round, always thank the golf professional staff for allowing you to play.

**\*\*Remember you are a guest of the facility and you are representing the PGA of America. Treat the facility and the staff the way you would want to be treated.**

## BAD CHECK AND PAST DUE ACCOUNTS POLICY - REGULATION

### WORTHLESS CHECKS

**First offense** - \$25.00 fine, check will be re-deposited in five business days.

A person writing a check during the time where their check writing privileges are suspended will be fined \$50.00 per occurrence.

If a check is received and cannot be re-deposited for any reason (i.e. account closed), the person's entry into that activity will be rejected.

# PACIFIC NORTHWEST SECTION PLAYER'S CARD - TERMS AND CONDITIONS

from: **Tournament Regulations Section 26. PLAYER'S CARD/COOPERATING DATE PROGRAM**

This section applies to participation by Pacific Northwest Section professionals (except current "TOUR" members) in any event held within the boundaries of the PNW Section.

**Summary:** The purpose of this program is to ensure the quality of section and chapter tournament programs through schedule coordination. Events involving PGA professionals, held within the boundaries of the section, will be divided into two categories - official and unrecognized. Professionals holding a "Player's Card" will be given entry priority, in section and chapter events, over non-card holders. In exchange for this priority, "Player's Card" holders agree to give official events and events priority and not participate in "unrecognized" events that are held on conflicting dates. No constraints will be placed on non-card holders, however, these professionals will have a lower entry priority in section and chapter events. The goal is to have every professional carry a Player's Card and every event be scheduled in cooperation with the official schedule.

## **Events:**

A. Two categories of events will be recognized.

### **1. Official events -**

- a. Section and chapter owned and operated events.
- b. Events administered by the PGA of America, PGA Tour, Champions PGA Tour, Nationwide Tour, LPGA Tour, USGA, PNGA, OGA and MSGA that are open to section professionals.

### **2. Unrecognized events -**

- a. All events not included in 1 above.

### **3. Conflicting dates -**

- a. An "unrecognized" event, that is held on the same date as an official event is considered to be held on a "conflicting date".

B. Official events are automatically placed in the "official" category. Chapters however, need to provide the section with their "official" calendar.

## **Players:**

A. Player's Card - A Player's Card remains in effect until the professional either leaves the section or submits a written request to have his Player's Card voided. Professionals may apply for their Player's Card at any time during the year.

B. Professionals with Player's Cards are subject to the following terms and conditions:

1. Card holders will receive entry priority over non-card holders as set forth in Section 5 of these regulations. This priority is to extend in some manner to all section and chapter events.
2. Playing performance and pro-am team exemptions will only be granted to professionals with Player's Cards.
3. By the application for a Player's Card, professionals agree to the following conditions on their participation in events as golf professional.

*Professionals applying for a Pacific Northwest Section Player's Card agree to limit their participation in golf tournaments and events to those listed as "official" on the master schedule maintained by the section. It is the professional's responsibility to accurately determine the status of each event before participating. Player's Card holders who participate in an "unrecognized" event on a "conflicting date, (within the boundaries of the Pacific Northwest Section) will lose their Player's Card for a period of 12 months from the date of violation.*

The CEO is responsible for enforcing this provision. Appeals go first to the CEO and then to the officers of the section.

4. The CEO may in individual cases grant releases for participation in "unrecognized" events on conflicting dates. Application for such release must be made in writing and in advance. Requests should be made 30 days prior to the event in question.

C. Professionals electing not to apply for Player's Cards are not governed by the provisions above and may participate in any event. However, such professionals will be placed in a lower entry priority category in all section and chapter events. If professionals earn playing performance or pro-am exemptions in section tournaments, they will not be able to use such exemption unless holding a current Player's Card.

D. Tournament entry priority will be assigned according to the status of a professional at the time of entry receipt. If a non-card holder enters a tournament and subsequently were to apply for a Player's Card, his status would be updated as if the entry were received the day his status changed. Priority changes will be made after the close of entries.

The **CareerLinks Profile** is an important tool as it provides you with e-mails of job notifications. As you begin your tenure in the golf industry, it is critical that you stay in the know about job opportunities and this is a key in doing so.

You can update your CareerLinks Profile at any time and as often as you would like. To do so, visit:  
<http://surveys.pgalinks.com/professionals/apps/membership/index.cfm>

We trust that you will assist The PGA of America in providing you with the best available data in golf.

**Player Development-** Key to the success of our industry is in growing the game through structured player development programs that address all consumer needs. The PGA of America is focused on providing Professionals with tools and resources in support of their programming. Designed to introduce golfers to the game, enhance skills and increase frequency of play, below is a sampling of what every facility is encouraged to offer:

**PGA Junior League Golf (PGA JLG)** is designed to better socialize the game for boys and girls, ages 13 and under. PGA JLG features team vs. team competitions in structured leagues that provide a popular, less stressful scramble format as opposed to stroke-play competition. This is a great way to get kids involved in the game!

**Get Golf Ready** is an industry-supported, fun and affordable program designed to introduce golf to the millions of adults who have never played or have minimal golf experience. Get Golf Ready offers a series of lessons in a group setting that focus on basic instruction on chipping, putting and full swing techniques, as well as information on how to navigate the clubhouse and golf course, etiquette and rules of golf.

**Drive, Chip and Putt** aims to help younger generations begin their lifelong connection with golf by providing a fun, interactive platform for participants of all skill levels. This initiative welcomes boys and girls ages 7-15 to participate in separate divisions in four age categories via local qualifying, ultimately leading to earning an invitation to the National Finals at Augusta National on the eve of the Masters. A very exciting program and one that should be encouraged at every facility.

## Marketing-

**Program Manager** is the PGA's online event management tool. By using this tool, your programs are featured on PGA.com, PlayGolfAmerica.com and GetGolfReady.com. Additionally, you gain a variety of resources to more effectively manage your programs including: 24/7 registration, automatic email follow-up and lifetime customer tracking.

**ProFinder** is a promotional service designed for all PGA Professionals. Found on PGA.org, it is the PGA's online searchable directory to market you. Golfers can easily locate you, your facility and your events using PGA ProFinder. You are encouraged to submit "custom" information on PGA.org (<http://apps.pgalinks.com/professionals/apps/memberinfo/profinder/index.cfm>), describing your services and your facility.

While there are many golf course directories on the web, PGA ProFinder is uniquely positioned for long-term success based on your input, combined with core PGA Professional and facility data maintained by The PGA of America.

## Employment-

From developing a resume or cover letter, readying for an interview, or ways to show your value to an employer, the association provides tools and resources. On PGA.org, there are a multitude of resources in the Employment Center, all designed to assist you in your chosen career path. You are also encouraged to connect with the section's Employment Consultant, who can counsel you on ways to get and keep a job.

## For the betterment of our communities-

Since 2007, The PGA of America has held an annual **Patriot Golf Day** and you and your facility are encouraged to participate. Sparked by the vision and dedication of Captain Dan Rooney, an F-16 fighter pilot and PGA Golf Professional, Patriot Golf Day is a nationwide fundraiser which enlists golfers to contribute to the Folds of Honor Foundation. The foundation's mission is to assist families of fallen soldiers who defended our great nation and is designed to provide educational scholarships for dependents and spouses. Joining together, we can change the lives of these military families. Please visit [patriotgolfday.com](http://patriotgolfday.com) and [foldsofhonor.org](http://foldsofhonor.org) to learn about the impact your participation will make.

## For the betterment of the association-

Every PGA Professional is encouraged to get involved, whether on the section, chapter or national level. There are many ways to do so, including on committees and Boards. Find your passion and check out the opportunities. Those who have done so are quick to share that they have gained way more than they have given. Put it on your bucket list to get involved!

## PGA Career Services Consultant

Monte Koch, PGA

As part of the PGA of America's commitment to employment, the PGA is working to expand the reach and level of engagement to PGA professionals in the Pacific Northwest Section. The Employment Consultant in the Pacific Northwest is Monte Koch.

Monte Koch, a PGA of America member since 1997, joined the PGA's Player Development department team as a Player Development Regional Manager (PDRM) here in the Pacific Northwest PGA in 2012. Since that time, Koch has been very engaged in partnering with PGA professionals, course owners, club managers and the like to create significant and measurable revenue increases, deeper consumer/member engagement, etc. As a result, many PNWPGA professionals have become more valuable to their employer and created greater employment stability. Since Jan 1, 2016, Koch has personally been involved with the creation and/or enhancement of no less than twelve (12) PGA positions in the PNWPGA. In several cases, another PGA professional was able to backfill the job vacated when the new position was created.

With more than 25 years in golf, Koch is proud of his start as a greens keeper at the City of Portland's Heron Lakes Golf Course. A native of Beaverton, OR, Koch is a graduate of the Professional Golf Management program at New Mexico State University. After graduation, Monte moved to the Northern California PGA Section (NCPGA) and his first role at Saddle Creek Golf Club. In all, Koch worked for more than 15 years at facilities in the NCPGA Section. During that time, he worked in various roles including General Manager, Director of Golf and Head Golf Professional at multiple facility types (including private, semi-private/daily fee and municipal.)

Koch's last position before the PGA was in the Napa Valley at Chardonnay Golf Club. While in the NCPGA, Koch served as a director for the section, including two years each as Secretary, Vice-President and President. Koch was also very involved in the formative years of the California Alliance for Golf (CAG) representing the NCPGA among golf industry leaders, and in the Northern California PGA Foundation (the section's 501-c3) as a director and officer. In 2008, Koch won the section's Bill Strausbaugh award, followed by the Professional of the Year award in 2011. Monte, his wife and four children reside in Auburn, WA near Green River College.

## How to Prepare for Level 1 Seminars

### **About This Guide**

The purpose of this guide is to help you prepare for your first week of Level 1 seminars. Read this guide thoroughly before attending your session, and if you have any questions or concerns about what is expected of you, contact The PGA Education Department at 1.866.866.3382. You may also email a PGA PGM Mentor at [pgagmmmentor@pgahq.com](mailto:pgagmmmentor@pgahq.com).

All seminars will be held at the PGA Education Center in Port St. Lucie, FL. When the Center opened in 2001, the PGA Board of Directors assured equity for all apprentices by creating a package fee to include seminar delivery, airfare and lodging.

### Prior to Attending Level 1 Classes

- Review all the pre-seminar materials on the PGA Knowledge Center.
  - Review the class schedule and select a session you would like to attend.
  - Register by calling PGA Membership at 1.800.474.2776
- Have available the following information:
- Name
  - Address
  - Phone and fax numbers
  - E-mail address
  - Credit card information
  - Gender (for lodging purposes)
  - Departing airport
  - Seat preference (window or aisle)
- Pay the registration fee of \$2,000. This fee includes:
    - Travel - round-trip travel from your departing airport to Palm Beach International Airport (PBI) and transportation to the PGA Education Center. You will be sent an itinerary via email from Premier Golf for your approval. Upon approval, your e-ticket will be secured. If you choose not to accept the flight arrangements, you will be assigned a voucher, which is valid for 1 year. This voucher is worth \$250 toward any air-travel package booked with Premier Golf.
    - Lodging - 6 nights lodging at Hilton Garden Inn. Arrangements will be made to lodge you with another apprentice in a double room.
    - Breakfast - voucher from Sam Snead's Tavern within the Hilton Garden Inn.
    - Lunch and breaks at the PGA Education Center
    - Dinner is at your own expense
    - Evening dinner shuttles to local restaurants provided by Palm Beach Tours and Transportation.

If you have not satisfied the 36-hole PAT, an additional fee of \$50 will be collected for you to attend a Player Development Course while attending the seminars.

### **Arrival**

Upon arrival at Palm Beach International, you should check in with the Palm Beach Tours & Transportation greeter at baggage claim. You will be advised of the time for the next shuttle run to Hilton Garden Inn. If you choose to rent a car and not use the shuttle service, please advise the greeter. If you have any problems or questions upon your arrival, Palm Beach Tours & Transportation can be contracted directly at 1.888.773.7288 or 561.655.5515.

### **Delays/Cancel**

Since you will be traveling over the weekend and the Education Center is closed, you must contact Premier Golf at 1.800.283.4653 and Palm Beach Tours & Transportation at 1.888.773.7288 directly regarding any changes in your travel. If, over the weekend, you find yourself unable to attend the session you must call Premier Golf or the airline directly to cancel your ticket to avoid forfeiting your entire fee. Please follow-up with a call to PGA Membership on Monday. If your airline flight is cancelled due to inclement weather, arrangements will be made to re-schedule you for a future session at no additional fee.

### **Schedule - Day Event**

## **Policies & Procedures**

### Seminars

Most PGA PGM seminars require pre-seminar activities, which must be completed prior to the seminar to enhance the learning experience. Each seminar in the PGA PGM must be attended in its entirety. If you are late or leave early, you will not receive credit for the seminar and must pay a retake fee and re-attend. You will be responsible for your transportation and lodging.

### Dress Code

Business attire must be worn during the People and Business seminars. Business attire is a suit or sport jacket with tie for gentlemen and a suit, pantsuit, or slacks and jacket for ladies. Casual golf attire is appropriate for the Game seminars and consists of slacks and golf shirt with collar for men and slacks and/or golf skirt and golf shirt with collar for ladies.

### Transfer/Cancellation

A fee will be charged anytime you need to re-schedule your attendance. If you cancel over the weekend you must contact Premier Golf or the airlines directly to cancel your airline ticket. Failure to do so will result in forfeiting all fees.

### Work Experience Portfolio

You will receive work experience assignments when you attend the seminar session. These assignments will be completed upon your return to your facility. Work experience activities must be submitted and then evaluated by PGM faculty. You will be emailed an evaluation of your portfolio. If approved, you will be notified by an email from ACT that you are eligible to test on Level 1 courses.

### Testing

You will receive an email from ACT with an eligibility code and password when your work experience portfolio has been approved. Using the link provided in the email you may schedule a testing session for the Level 1 courses. Testing sessions may be scheduled at any of the more than 230 ACT Center sites across the country. The fees for the testing session will be paid directly to ACT and will be based on the number of tests you schedule and the time allowed for each test. A confirmation email will be sent with detailed testing information including location, date and time. ACT requires a 2-business day cancellation notice.

You should arrive at least 30 minutes prior to your testing appointment. A photo ID will be required. You will receive your results immediately at the test center. If you have failed a test, you will be sent another eligibility email within one week. Once you have received that email you may register with ACT to test on the course(s) you have failed.

If you have passed all tests, you will advance to the next level. You should then pay the access fee and begin the next level's courses on the PGA Knowledge Center.
