

## The Online Member Handbook & Pacific Northwest PGA Section App

The PNW PGA Section App is a replacement for the printed member handbook and so much more! The main benefits are that it's easy to search, we can update information throughout the year and you can email or call directly from the app.

There are two parts in this system by ForeTees: the online member handbook and the mobile app. You will need to visit the online member handbook first in order to get your login credentials for the mobile app.

Login now to [web.foretees.com/pnwpga](http://web.foretees.com/pnwpga)

Enter your username and password to login. By default:

Username = PGA Number

Password = Last Name (lower case)

Under "Settings" you can change your password if you desire. In the main area of the page, you will see instructions on how to download and capture your unique username and password for the mobile app.

The screenshot shows the Pacific Northwest PGA Section website. At the top, there is a dark green header with the text "Pacific Northwest Section" and "Welcome, Club Staff". To the right of the header are links for "Search", "Settings", and "Exit", along with "View Current Weather" and "Get ForeTees App". Below the header is a light blue banner with the "ForeTees" logo. Underneath is a white banner with "Weather Forecast | Weather Maps | Weather Radar | Hurricane Center" and the "AccuWeather.com" logo. The main content area features a yellow banner that reads "Welcome PGA Pacific Northwest Section Members & Apprentices!". Below this is another yellow banner: "Download the New PNW PGA Section App - ClubCentral by ForeTees!!". The central part of the page is a white box with a search instruction: "Search 'ForeTees' or 'ClubCentral' in either the App Store or Google Play Store." To the left of this box is a sidebar with "Section Office Contacts" (Coming Soon....), "Links" (Club Website: www.yourclubsite.com, ForeTees: www.foretees.com), and "AccuWeather.com" weather links. To the right of the search instruction is a note: "A unique username and password will need to be generated for each device." with a link: "Click here to create the Username and Password". At the bottom of the white box are "Available on the App Store" and "GET IT ON Google Play" buttons.

Please note: When you access the mobile app, please enable Push Notifications for a new level of communications sent by the Section Office. We will never spam your phone with notifications – this will be used for important messages only.

If you're in front of a desktop or laptop, there will be no easier way to look up a member, facility or vendor than the online member handbook. Search the member directory, vendors and facilities by clicking "Search" at the right of the top toolbar. Below is a view of the Search Facilities function.

If you're a smartphone user, you will love the mobile app.

The username and password you generate are NOT the same as the site login credentials you will use to log in to the online member handbook. This is a one-time username/password used to verify you as a PNW PGA member on the mobile app. Once you log into the mobile app, you will never have to do so again on the same device.

From the home screen, tap the FT (ForeTees) icon in the lower toolbar to access your mobile tools.

The ForeTees screen contains "tiles" for easy access to the mobile version of the member directory, facilities and vendors. You can also quickly get to the latest tournament results and open tournament entries. There are also links to Section website, calendar and member information.

All PNW PGA members and associates are encouraged to visit the ForeTees system to experience an all-new level of interactive services. This is a private communication tool for our members and our current vendors so please do not share your login information with others.

This is one more communication tool and we will judiciously use the push notification feature to keep you informed on important association matters. We're sure you'll find this service very useful. If you have any questions, comments or requests about the web or mobile app, please contact us at the Section office.

Sincerely,  
Jeff Ellison, CEO  
Pacific NW Section PGA
